

Recruitment Bulletin

Telehealth Coordinator (RN)

Salary: DOE

Anchorage, Alaska

FLSA Status: Non-Exempt

The Alaska Native Tribal Health Consortium (ANTHC) has an exciting opportunity available as a TeleHealth Coordinator (RN). The primary purpose of the TeleHealth Coordinator (RN) is to provide public and community customer relations management, clinical assessment and training services to increase the utilization of TeleHealth products and services.

The TeleHealth Coordinator (RN) will provide customer service relations management and performance consulting services to customers and other service providers using telemedicine products and services. Will identify and customize clinical workflow of patient case data transmission among federal and non-federal healthcare organizations and international applications. Will identify opportunities for integration of customers and goals to improve patient care, increase provider job satisfaction, and make efficient use of funds and time. Will also assess, identify and quantify potential for increased use of products and services on initial contact and on an ongoing basis.

Minimum Qualifications

Applicants **must** meet the following to be considered:

- A Bachelor's Degree in Nursing.
- Five (5) years of clinical nursing experience or an equivalent combination of education and experience

ADDITIONAL REQUIREMENTS/ LICENCES

- Must be licensed as a Registered Nurse by the State of Alaska.
- Must remain active with all annual licensing requirements. Some non-standard work hours are required.

***ANTHC follows Indian Preference hiring guidelines
as permitted by Public Law 93-638.***
